

# CLUSTER SUMMARY

## Cluster title

Greece-Cyprus Geographical Cluster - 2nd IDE

## Setting

The work was done during the 2nd Annual Institutional Dialogue Event of the NHM in Malaga, Spain. The materials used for the clustering were prepared in advance and the cluster was launched within the second day of the event (in person).

## Duration

29/11/2024 - End of project

## Participants

### Cluster

### Leaders:

Ms Varvara Bougiouri & Ms Aikaterini Tokalaki - C4N, Ms Marilena Mochianaki Karampatzaki - D4N

### Cluster

### Participants:

Mr Odysseas Sifounakis - C4N; Ms Anastasia Kolokotsa - NECCA (AP); Mr George Assonitis - INSULEUR (AP); Ms Alexandra Bourdoui - Region of Ionian Islands (AP); Ms Panagiota Saranti - Germ of Life; Ms Ioli Christopoulou - ARTEMIS; Ms Kalliopi Pagkou - HCMR (IDE participant)

## Goals & Objectives

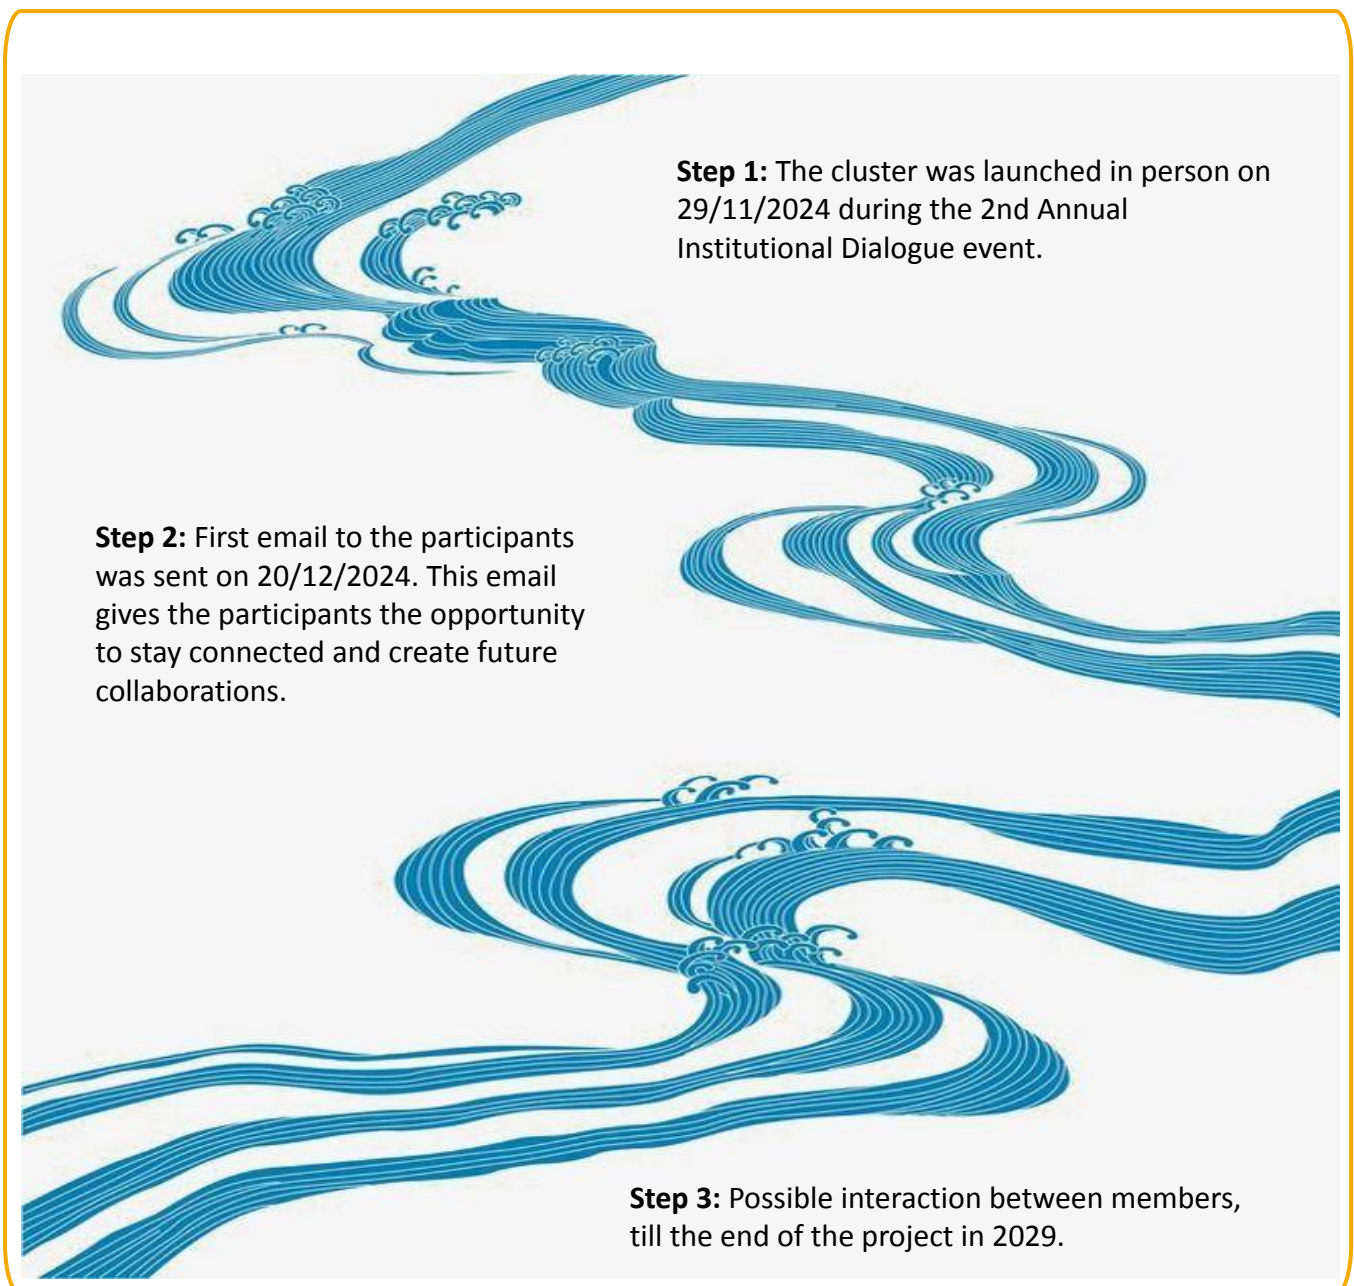

The goal of the cluster was to give the participants the opportunity to get to know the people from the wider Community of Practice of the Natural Heritage Mission who are working in the same region (Greece & Cyprus), as well as to give the opportunity to exchange contacts and stay connected. The participants of the group were given a form to fill in by the group leaders. Then they had the opportunity to talk and become part of a communication thread with everyone in their group and get to know each other better. The objectives of the cluster were networking, finding common interests, and potential opportunities for collaboration.

### Cluster Roadmap

# CLUSTER SUMMARY

## Greece-Cyprus Geographical Cluster - 2nd IDE

### Main Outcomes

11 persons -coming from Greece and Cyprus- were involved in the geo-clustering exercise, 10 of which chose to be included in the cluster.

The information from the form filled in by the participants was processed and sent to them in an email thread. This will ensure that the cluster participants can keep in touch, exchange information and possibly collaborate in the future.

### Notes and remarks

- No notes or remarks

### Next steps

The group leaders will follow the communication in the email thread and the possible future thematic clusters that might emerge from there.
